

Dear Parents/Guardians,

Thank you for participating in the **Child Rights Action Hub's Educational Support Programme**.

The Child Rights Action Hub ("Action Hub") is an initiative under MY Voice Initiative. It addresses child labour at scale, focusing on child labour risks in lower tiers of Malaysia's palm oil sector. We would like to introduce you to this programme and help you understand the background, purpose, and support that it entails.

We have both agreed that it is currently not the right time for your child to be involved in work in [country]. **The best option is for your child to continue with education, which will be beneficial to his/her future in the long run.** Thus, we have developed this educational support programme (the "Programme") with our client's financial support.

The details of the Programme include:

1. The Programme will start from _____(Year) _____(Month) _____(Day) to _____(Year) _____(Month) _____(Day) (the "Programme Period").
2. The financial support under this special Programme includes living stipends MYR_____ per month (MYR_____ in total), and tuition fees up to MYR_____, which will be paid according to actual education expenses.

The Action Hub will support the school searching and enrolment of your child_____ (**Child's name**), transfer the living stipends and tuition fees regularly every month and provide suggestions and consultation if there are any other needs related to the child during this period.

If your child enters employment during the programme period, the Action Hub will stop paying for the aforementioned education and living stipends.

We would like your consent on the following matters. Please read the following terms carefully.

The Action Hub requires your support throughout the programme to ensure successful implementation.

As the legal guardian, you shall be responsible for:

- a. Supervising the child to ensure that they do not enter employment when they attend school or training;
- b. Cooperating with a school to ensure the child complies with relevant codes of conduct, laws and regulations, and the school/training institution's security management rules.

Please note that we will follow up on the latest progress and report to the client to ensure the progress aligns with the programme plan. However, we will not disclose confidential information to any third parties, including our client, who provides the educational funds. This means we will not disclose the full name, ID number and images of the child and family members, family address and contact information, school name, address, teacher's contact information and bank account.

We hereby seek your consent to allow the Action Hub to share the necessary data, including your child's latest updates and progress regarding the educational support programme.

By signing this form, you, as the legal guardian of your child, have agreed to the above terms and asked for your child's consent to sign on their behalf. If you have any questions or concerns, please do not hesitate to add them below or talk to us directly.

Thank you.

Do you have any concerns?
